

## SYNTHETIC TEST DATA ONLY

Jane Synthetic

Machine Learning Engineer (synthetic candidate)

jane.synthetic@example.invalid | +91 00000 00000

Remote, India | [github.com/invalid-synthetic](https://github.com/invalid-synthetic)

### SUMMARY

Synthetic candidate with placeholder experience used only in automated tests. Not a real person, employer, or application.

### SKILLS

Python, SQL, Pydantic, SQLite, RAG, vector search, pdfplumber, pytest

### EXPERIENCE

Machine Learning Engineer, Northwind Analytics (synthetic)

2023-01 to present

- Built a retrieval-augmented generation pipeline over synthetic documents.
- Designed evaluation harnesses comparing deterministic parsers to model output.

Data Engineer, Contoso Synthetic Labs (synthetic)

2020-06 to 2022-12

- Owned document ingestion for PDF and DOCX sources.

### EDUCATION

B.E. Computer Science, Example Institute (synthetic), 2020

### CERTIFICATIONS

Synthetic Certificate in Testing Discipline (synthetic)

### PROJECTS

synthetic-rag-demo - a placeholder repository used in tests.
